# The Multicultural Network Portal is here!

## Consultation & info page in 11 languages

### ◆ What is a multicultural portal site?

In cooperation with the Multicultural Symbiosis Network board\*, the TPIEF web site now offers a system for the distribution of information in multiple languages, called the Multicultural Portal. This system offers a chance to overcome the language barrier using an easy consultation form for particular problems, in addition to essential emergency information and useful information for daily life.

\* This association was set up within TPIEF in 2016 to provide Tottori's foreign residents with essential information and useful projects implemented from an international viewpoint.

### Service in 11 languages!

In addition to Japanese, we offer help in **English, Chinese (traditional and simplified), Portuguese, Spanish, Korean, Tagalog, Indonesian, Vietnamese, Russian, Thai, and French.**

### ◆ How to Use the Multi-language Consultation Form

- (1) Access the TPIEF web site from your computer or smartphone and select "English" from the choice of languages at the top.
- (2) Click the tab marked "Oh, no!" at the top of the page to open the Multilingual Consultation Form. Read the instructions and fill in the form according to your needs. (If using a smartphone, link from the menu at the top right, or scroll up to see the menu.)
