

## TPIEF 30th Anniversary

Established in November of 1990, our foundation has now been in service for a full 30 years. Having undertaken numerous projects and seen many changes along the way, we hope that with your support we may continue to contribute to the development of an amicable society for the prefecture's foreign residents. Visit our website and Facebook page for the latest updates!

## Medical & Community Volunteer Interpreter Services during the Pandemic Video and Telephone Interpreting

Our interpreters offer their services by video and telephone where mounting Covid-19 infection rates prevent dispatch. Service may be requested at any TPIEF office.

▼ Video chat technology can bring the interpreter directly into the room — in the case of hospital visits, allowing conversation with physicians and hospital staff.

▼ For those for whom video chat proves difficult, interpreting by telephone is available. Rather than direct conversation, however, communication is based on relaying explanations and other content between parties in turn.

## Kurayoshi International Exchange Festival 2021

Although the festival had been planned for (Sunday) 11/21, concerns about the spread of the Covid-19 pandemic have led to the decision to suspend the event. We hope to hold the festival next year.
